KANATA THEATRE GROUP

There is a feeling in the group this year that we are entering a new phase in our development. The formulative period is over; a period culminating in a critically acclaimed production of Noel Coward's 'Present Laughter' last spring.

Our membership has grown over the last three years and, with it, a fund of experience, such that we have been able to plan for several major productions this season.

A contributing factor to the general excitement is the fact that the new auditorium in the Earl of March High School will be available for our later productions this season.

ur philosophy however, remains hat of a 'Community Theatre' - o provide recreation, enjoyment, nd experience to all those nterested in the theatre. If ou crave to act, work behind he scenes or just to dabble in he theatre, come and join us.
